Experience

HD Made Web Developer

Fall 2013-present

Front-end web developer for a digital agency specializing in website redesigns for non-profits.

Freelance Web Developer

2011-present

Wordpress themes, Tumblr themes, small static sites and debugging assistance.

Next Jump Customer Service Associate

2012-2013

Answered customer service requests for a large e-commerce website, compiled weekly departmental analytics reports analyzing trends. Awarded a Power Ranger for innovating on an internal customer service process.

Villain Project Manager

2011-2012

Assisted in the production of large-scale events for consumer electronics clients such as Rockstar Games and Samsung. Produced events from conception—booth design, marketing strategy—to execution—staffing, fabrication.

Education

Dev Bootcamp Chicago
Nine week Ruby on Rails intensive, 2013

Loyola University Chicago
BA, Visual Communications, 2009
